

Equitas Gurukul

Learning our contribution index!

Equitas Gurukuls are a key initiative of the Equitas Development Initiatives Trust. We believe as an institution that we are making a difference. However, how can we be sure that we are truly making an impact on the society? Social Audit Network, SAN, UK (India) is an organization that does social audit and accounting of NGOs, as third party reviews to evaluate and assess the impact of the organization is being made on the society. The team visited three of our Gurukuls- Karur, Sivakasi & Trichy and interacted with the school teams.

Dil se:

In a bid to encourage the open communication between the teacher and the management Dil se – from the heart, is incepted in this year.

The Principal moderated the session. The session consisted of a group activity, where teachers worked in groups and prepared presentations on what they did, what went well, what went wrong and what could be better. After the activity, all staff were invited to share their experiences and feedback about any of the Gurukul people practices.
